### **LIBRARY SPECIFIC REVISIONS:**

#### **Libraries:**

##### **UNI – Unite**

##### **PB 23:043 Unite Soundtech Tile Transition**

Unite is transitioning to a new Unite core material for all Fabric tiles. This new tile from Soundtech provides increased acoustic performance (.65 NRC - .75 NRC depending on panel configuration). There are no changes to any model numbers or pricing. There are no visual changes to the new tiles. The former core tile substrate from BIN will no longer be a standard option.

##### **PB 23:044 Top Cap With Glass Toppers**

Effective Immediately: KI has added top feeds that can be specified when glass divider screens are specified on a panel.

##### **KWD – Wiggle Room (Delivered)**

##### **PB 23:046 WiggleRoom Super Structure – Control Harness**

All WiggleRoom Super Structures will ship with a control harness that has a duplex 120V receptacle. This change from a single receptacle to a duplex receptacle enables the control harness the ability to support additional options such as an occupancy light. This part is not visible, so there are no aesthetic changes.

##### **23:047 WiggleRoom Super Structure – 10’ Louvers**

All WiggleRoom Super Structures specified with a 10’ louvered ceiling will feature a newly designed “bowed” louver. Like a suspension bridge, the intentional bow straightens out when the louver is under the load of its own weight spanning across a 10’ super structure.

**KWX – Wiggle Room (Freight Excluded)**

**PB 23:046 WiggleRoom Super Structure – Control Harness**
